

## **Mini Crawlers**

Used Mini Crawler United States - We have designed many programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who needs certification or re-certification, and for inexperienced operator who is seeking a job in the business. Crane operator positions are high because of their high rates of pay. Operators of cranes are among the highest paid of any heavy machine operator. Our Crane Training Schools include training and instruction for different mobile cranes. Course content consists of Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling. The Crane Training School program is best for supervisors, operators and riggers. Course materials consist of a manual and informative hand-outs. The illustrated safety instruction manual consists of 100 to 250 pages, that depends on the course, of helpful and important material. Course materials include load charts and load chart exercises for the crane with which the trainee is working. Over half of the course involves Hands-On Safety Training. Practical training is helpful for developing and increasing personnel skills levels. Only qualified journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of industry experience. Optional testing mechanisms are provided for all of our courses. Students will normally write tests both prior to and following training. A test for skills is normally administered for programs that comprise H.O.S.T. People training would be graded and tested. Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Testing & Certification. Industry standards of practice are evolving as new business requirements emerge. There are continual updates to legislation and regulations. Enhancements in technology and equipment continue to be made. Industry data collection and analysis detect trends that are changing. Members maintain the advantage of managing their certifications and training programs. Mobile device alerts keep members abreast of personal and workplace safety news.
